Dear Parents and Guardians:

As a follow-up to my letter dated November 16, 2016, informing you of results from the district's testing for lead in drinking water, I would like you to know that subsequent testing has resulted in no locations in our school building where lead has been identified according to NYS legislation enacted to ensure the safety of drinking water in schools.

Please be assured that we will continue to be diligent and proactive in efforts to keep our students and staff safe. If you have any questions, please feel free to contact me.

Sincerely,

Bill Diamond  
Superintendent
